

# McKINLEY'S MAN QUIT.

**J. A. Porter Gives Up  
His Secretaryship to  
President.**

WASHINGTON, April 12.—Owing to continued ill-health, John Addison Porter, secretary to the President, has tendered his resignation, and the President has accepted it, to take effect May 1. Mr. Porter, of New York, the present assistant secretary to the President, has been appointed to the office.

Mr. Porter's health was seriously impaired about a year ago by a severe attack of illness, and since then he has been at times relieved somewhat from the onerous duties of his office, but he has failed to regain his health. His resignation is a relief to the President, who has been unable to find a suitable replacement. The President has accepted the resignation, and Mr. Porter will leave the White House on May 1. He will be succeeded by Mr. George B. Cortelyou, of New York, the present assistant secretary to the President, who has been appointed to the office.

## ARBOR DAY PROCLAMATION.

Children of This State Have  
Planted Over 200,000 Trees in  
Ten Years, Says Governor.

ALBANY, April 12.—Gov. Roosevelt today issued the following proclamation relative to Arbor Day.

"The 4th of May next will be Arbor Day, established by statute. The school children of this State have planted more than two hundred thousand trees within the ten years in which Arbor Day has been recognized.

"In most of the districts of the State the tree-planting has been carried out with the same spirit and enthusiasm. The success of tree planting should be favored in every way."

## SCHOOL BILL HEARING.

Gov. Roosevelt Listens to Arguments for and Against  
Salary Schedule.

(Special to The Evening World.)  
ALBANY, April 12.—Gov. Roosevelt gave a hearing to-day on the D. F. Davis School bill fixing a schedule of salaries for the teachers of New York City.

Among those appearing against the measure were: Charles E. Robertson, President of the Brooklyn Board; C. M. Bennett, Vice-President; Horace E. Dwyer and Dr. John J. Harrison, members of the Brooklyn Board, and Mrs. John J. Hill, of the Manhattan High School.

Among those in favor of the bill were: Senator D. F. Davis, City Superintendent; William H. Maxwell, Dr. Walmsley, President of the Class Teachers' Association, of Brooklyn, and Lewis L. Dinsfield, attorney for the Brooklyn Teachers' Association.

## PROFITS NOT FOR THEM.

These Investors Accuse Broker of  
Swindling Them—Held  
to Answer.

Frederick W. Macaulay, who gave his address as 22 West Twenty-fifth street and his business as that of a broker and employment agent at 150 Nassau street, was to-day arraigned in Jefferson Market court on a charge of grand larceny. He was arrested last night on complaints preferred by three men who declared that they had been swindled out of \$2,000. The men are: William Lockwood, of 125 East Fifty-eighth street; Augustus Dusenberry, a lawyer, of Mount Vernon, N. Y.; and Augustus Peterson, of 23 Maple street, Brooklyn.

According to the story of the complainants, Macaulay's plan was to educate them for partners. When any one answered he talked of the immense profits of the concern and said he brought in and sold saloons. He represented that the business netted an annual profit of over \$200,000 a year. The complainants all invested with him. The accused was held in \$1,500 bail.

## HE WAS CUT IN TWO.

Boy Fell on a Dam Saw, Which  
Sawed Him at the  
Waist.

ROCHESTER, N. Y., April 12.—At Greenport yesterday James Kelly, a seventeen-year-old boy employed in a sawmill, tripped and fell when carrying an armful of poles. His body came in contact with a saw, cutting him completely in two places at the waist.

## DEWITCHED WATER TANK.

Remarkable Experience of a New  
Jersey Engineer and Fireman  
at Somerville.

When the engineer of locomotive No. 10 of the Jersey Central Railroad, pulled into Somerville yesterday and tried to take on water he couldn't make the connection. He backed the engine up and down but failed each time. The tank appeared to move away, but when he was thirty feet distant from it, it came back into its old position.

"I said he to the fireman, 'Keep the tank on that damned old tub and see if it will connect when I get the machine back again and failed. 'It moves,' said the fireman solemnly, 'but I can't see it go so quick.'"

There were a horrible oath, and the fireman solemnly, 'but I can't see it go so quick.'"

There were a horrible oath, and the fireman solemnly, 'but I can't see it go so quick.'"

There were a horrible oath, and the fireman solemnly, 'but I can't see it go so quick.'"

There were a horrible oath, and the fireman solemnly, 'but I can't see it go so quick.'"

# HOT FIGHT IN FEATHERS.

Women in the Trade Pro-  
test Against Hoar's  
Bill.

A large meeting of women engaged in the manufacture of fancy feathers, held at 145 Fifth avenue, protested against the passage of the Hoar bill in Congress.

These women are considerably wrought up over the hard names applied to them by some of the members of the Audubon Society and Ornithologists' Union. Miss Wanda Travis was elected Chairman and Miss Emma Kaufman acted as Secretary. Charles H. Farmer, editor of the Millinery Trade Review and Secretary of the Millinery Merchants' Protective Association, said the trade was opposed to the use of the plumage of song birds, but all knew that song birds were not used—only the plumage from edible birds. Even Audubon, he said, if alive, would approve of the transformation of the refuse feathers of barnyard fowl and game birds into the beautiful objects made in the manufacture.

Many young women present read papers, among them Miss Travis. She said that it has been at least twenty years since song birds were used in abundance. She asked why those who are so solicitous about the killing of birds were not as equally so concerning the killing of kids for gloves and other animals for their furs.

Of Interest to Master Builders.

N. B. Brann, the popular west side jeweler, at 211 Eighth avenue, between Twenty-first and Twenty-second streets, has a large stock of diamond, gold and silver jewelry for which about 50 cents on the dollar is asked. One of the items that must appeal to intending brides and bridegrooms is the unusually low prices asked for their wedding rings. They are made of the 14 and 18 kt. gold, sometimes with either the flat or curved surface, in round or narrow bands. Any engraving desired on same will be attended to without charge. Their recent purchases of Indian watches, handsomely engraved to resemble a bracelet. The price asked, \$100, would secure any for the same amount. Mr. Brann has been in business for many years and has a large stock of jewelry and watches.

Mr. Sheldon wants to see a brotherhood organization at the Central Church, before he sails for Europe. It is his wish that the Kansas Association of Congregational Churches adopt the plan at its meeting in Seneca May 1, and that it soon will be in operation all over the State.

The emergency fund is to be used by the stewards as they see fit. They may use it to persons in need without interest, assist invalids not entitled to benefits and help the sick whose benefit terms have expired. The stewards are to keep track of the sick and afflicted and call upon their brethren to help care for them.

Mr. Sheldon wants to see a brotherhood organization at the Central Church, before he sails for Europe. It is his wish that the Kansas Association of Congregational Churches adopt the plan at its meeting in Seneca May 1, and that it soon will be in operation all over the State.
